Fascia Trim 3.6m x 72x11mm Fascia Trim

Bullnose Solid Board 3.6m x 143x22.5mm

(for timber joists see separate sheet– [Timber Price List](#))

**Price (Including VAT)**

£47.35 each (approx. £87.80per m2)

£0.70 each clip

£21.65 each

£71.70 each

**Fitting information**

Each board gives 0.54m coverage.

So for example a 9m2 decking area would be-  $9 \div 0.54 = 16.66$ , so 17 boards.

(this doesn't allow for any waste though. So around an extra 10% should be allowed for waste or the actual size calculated LxW)

Joist should be set at 0.3m centres meaning 13 clips are required per board.

(13 starter clips for the first board and then 13 more universal clips for every board thereafter)
